

## AYSES PHILOSOPHY

Advanced Youth Soccer Educational System (AYSES) soccer program features boys and girls born in 94, 95, 96, and 97. The program offers kids a higher level of individual and team soccer skills that will enable them to go as far as they wish with the sport. Imminently qualified coaches who provide an environment conducive to mastery of the skills and pure enjoyment of the game teach these skills. Equally as important, AYSSES teaches the kids character building life lessons.

While the AYSSES program in the United States is unique, the methodology is a proven one. Fashioned after the best European soccer programs, management has tailored the program to meet the needs of American youth.

The future of soccer in America is bright. We believe that our program provides the best possible environment for young soccer players to capitalize on the opportunities that the great game of soccer will offer.

AYSES is the future of soccer in the making.
